HERE'S HOW WE DO IT!

- States that grow or have more members advance more members to each “local” TBF National Semi-Final event
- All active TBF states advance a minimum of 12 anglers or a maximum 10% of their annual in state participation to a fall National Semi-Final!
- Entire qualification process from State to qualifying for the TBF Federation National Championship will transition to only one (1) calendar year over time.
- As a “working persons,” grassroots organization that TBF is, not only can more members fish a weekend National Semi-Final event vs a week long event like today, but since the travel is MUCH less they can still be to work on Monday morning!
